## FOREWORD

Once again I take great pleasure in releasing the new edition of the Municipal Directory. This 19th issue has been prepared as an aid to those concerned with activities of the Local and Provincial Governments in Ontario.

The names and addresses of the Members of the Legislative Assembly are listed, along with the constituencies represented. Population figures have been gathered during the year by the assessors of each municipality. In addition, for the second year, the Directory includes a listing of all incorporations, erections, dissolutions, amalgamations and annexations which have taken place between January 1, 1965 and January 1, 1966.

In recommending this 1966 Municipal Directory to your use, I wish to express the appreciation of the Department to the municipal officials whose co-operation has made this Directory possible.

# ASSESSMENT

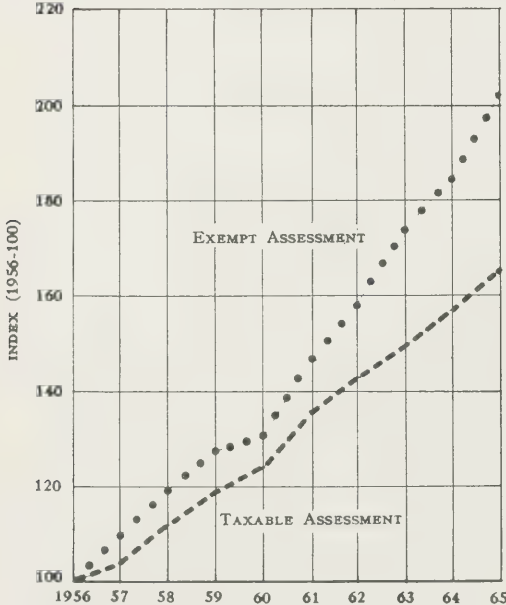

## ASSESSMENT GROWTH

## TAXABLE ASSESSMENT GROWTH

## RELATIVE ASSESSMENT GROWTH

### EXPLANATION

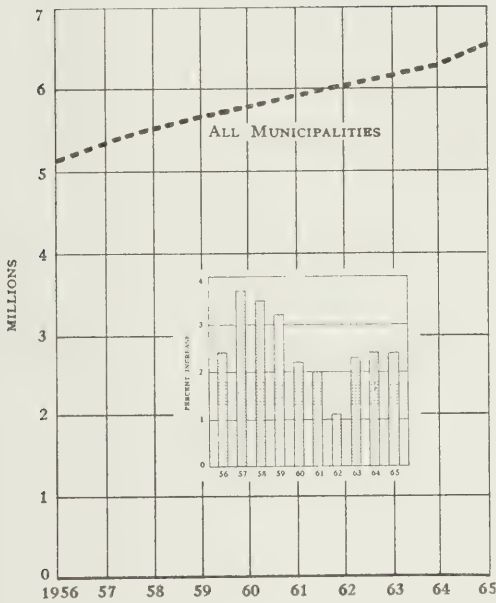

The taxable and the exempt assessment of the municipalities, which is entered on pages 18 to 117, is referred to as the "1965 assessment", and was determined and reported by the assessor during the year 1965 and was delivered to the clerk prior to October 31st of that year. The taxable assessment, as entered on the above-mentioned pages, is that upon which realty and business taxes for the year 1966 will be levied, subject to minor variations because of appeals.

The growth in exempt assessment, as disclosed in these graphs, may be explained substantially by the fact that, prior to recent years, many municipalities either did not assess exempt properties at all or assessed them at unrealistic amounts.

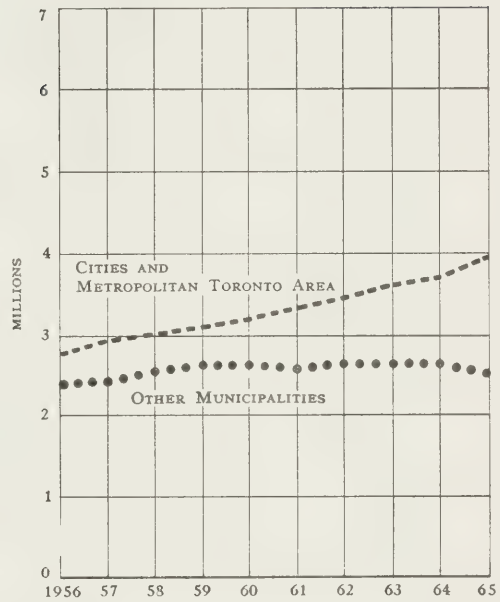

# POPULATION

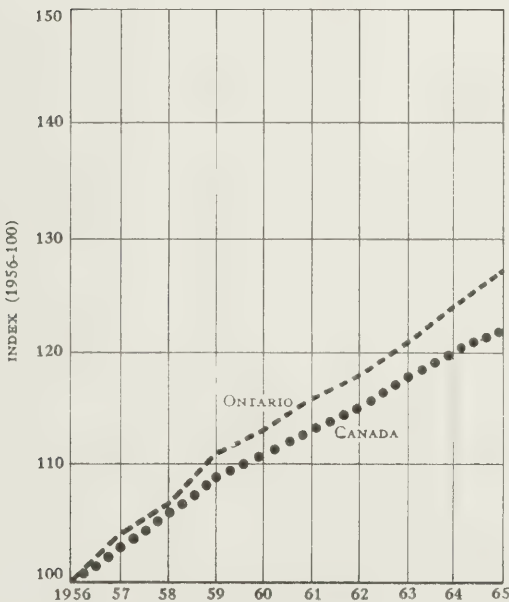

POPULATION GROWTH

POPULATION GROWTH

RELATIVE POPULATION GROWTH

## EXPLANATION

The population of each municipality which is entered on pages 18 to 117 is referred to as the "1965 assessed population" and is the total population residing therein on a permanent basis reported by the assessor during the year 1965 less the number of persons who reside in institutions, defence establishments, and on Indian reserves. The assessed population has been used in the preparation of the graphs.
